DECLASS REVIEW by NIMA/DOD

S-0134/XX-2

MEMORANDUM FOR THE DIRECTOR, NATIONAL PHOTOGRAPHIC INTERPRETATION CENTER (C)

ATTENTION: [REDACTED]

\*SUBJECT: BUMBLE BUG Film Evaluation (U)

1. (U) This confirms verbal conversation between [REDACTED] NPIC) [REDACTED] (DIAXX-2) with respect to subject.

2. (S) Request NPIC perform technical analysis of photo imagery from Hi-level "H" drone received from SEA. The original negative should be obtained from DIAAP-10 for this analysis.

3. (S) Informal information indicates that degradation of subject imagery has occurred since processing responsibility was transferred from the SAC SARPF to other PACOM processing facilities approximately 10 December 1967. Additionally, indications are that this degradation is on the order of [REDACTED] i.e. from an average of [REDACTED] SAC processed imagery to an average of [REDACTED] PACOM processed materials.

4. (S) Request the report of your findings include mission number and processing facility of material evaluated. For your information an analysis of the IPIRs from the Hi-level missions covering the period from [REDACTED] to present provides the following data [REDACTED] was used for these missions).
